#### **Instructions**

For the following questions answer them individually

#### Question 1

Four of the following words are alike in some way. Find the odd man out.

- A Ornithologist
- **B** Dentist
- **C** Entomologist
- D Herpetologist
- **E** Ichthyologist

Answer: B

#### **Explanation:**

All options other than B refer to professions that involve study of an animal species. Ornithologist = study of birds, Entomologist = study of insects, Herpetologist = study of reptiles and Ichthyologist = study of fishes. Hence, Dentist who treats human teeth is the odd one out.

#### **Question 2**

Four of the following words are alike in some way. Find the odd man out.

- A Honour
- **B** Badge
- **C** Medal
- **D** Judge
- **E** Trophy

Answer: D

#### **Explanation:**

Options a, b, c and e are awards of some kind. Option D is the odd one out.

## **Question 3**

Four numbers have been given out of which three are alike in some manner, while one is different. Choose the odd one.

- **A** 250
- **B** 95
- **C** 159
- **D** 150

Answer: C

## **Explanation:**

Apart from 159, all numbers are divisible by 5, hence it is the odd one.

=> Ans - (C)

#### **Question 4**

Four words have been given out of which three are alike in some manner, while one is different. Choose the odd one

- A Joy
- **B** Fear
- C Anger
- **D** Calm

Answer: D

## Explanation:

All the words except calm are emotions, hence **calm** is the odd one out.

=> Ans - (D)

## **Question 5**

Choose the odd one that is different from the other three:

- **A** Lakshadweep
- **B** Andaman & Nicobar Islands
- **C** Goa
- **D** Chandigarh

Answer: C

## **Explanation:**

Options A, B and D are union territories of India but option C is not. Hence, option C is the answer.

## **Question 6**

From the options given below, select the one that is different from the other three.

- **A** Hyderabad
- **B** Bangalore
- **C** Pune
- **D** Chandigarh

Answer: C

## **Explanation:**

Hyderabad, Bangalore and Chandigarh are capitals of states while Pune is not. Option c) is the correct answer.

## **RRB NTPC Free Mock Tests**

#### **Question 7**

From the options, select the one that is different from the other three.

A Rugby

- **R** Badminton
- C Football
- **D** Cricket

Answer: B

#### **Explanation:**

Rugby, football and cricket are outdoor sports whereas badminton is an indoor sport. Option b) is the odd one out.

#### **Question 8**

Among the following four options, three options have similarities in some or the other way and thus they are in the form of a group. Which one is different from this group?

Weaver: cotton:: Cobbler:?

- A canvas
- **B** shoes
- **C** leather
- **D** rubber

Answer: B

## **Explanation:**

A weaver uses cotton to make clothes whereas a cobbler uses canvas, rubber or leather to make shoes. So, option b) is the odd one out.

#### **Question 9**

Among the following four options, three options have similarities in some or the other way and thus they are in the form of a group. Which one is different from this group.

Shoes: leather: Shirt: ?

- A Cloth
- **B** Thread
- **C** Tailor
- **D** Cotton

Answer: C

## **Explanation:**

Just like shoes are made of leather, a shirt can be made of cotton, thread or cloth. Option c) is the correct answer.

# 20 RRB NTPC Mocks-Tests Rs.149

## Question 10

Four pairs of words have been given, out of which three are alike in some manner, while one is different. Choose out the odd one.

- A Chef: Knife
- **B** Saw : Carpenter
- C Sculptor: Chisel

Doctor: Stethoscope Answer: B **Explanation:** In all the given pairs, except second, second item is used by the first person, while in second reverse is true, hence it is the odd one. => Ans - (B) **Question 11** Four words have been given out of which three are alike in some manner, while one is different. Choose the odd one. Necklace В Bracelet Jewellery Anklet Answer: C **Explanation:** Necklace, Bracelet and Anklet are all types of jewellery, hence jewellery is the odd one. => Ans - (C) **Ouestion 12** Four words have been given out of which three are alike in some manner, while one is different. Choose the odd one lov Fear Anger Calm Answer: **Explanation:** All the words except calm are emotions, hence **calm** is the odd one out. => Ans - (D) **Daily Free RRB Online Tesrt Question 13** Four of the following words are alike in some way. Find the odd man out. Livid Annoyed

**Furious** 

Angry

Disturbed

| A                                                                                                             | Answer: D                                                                                                                                                                                                                                                                                                |  |  |
|---------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|
| <b>Explanation:</b> Options a, b, c and e are synonymous with each other. Hence, option D is the odd one out. |                                                                                                                                                                                                                                                                                                          |  |  |
| Question 14                                                                                                   |                                                                                                                                                                                                                                                                                                          |  |  |
| Four of the following words are alike in some way. Find the odd man out.                                      |                                                                                                                                                                                                                                                                                                          |  |  |

| Answer: A                                                                                                     |                                                                                                                                                                                                                                                                                                          |  |  |
| In a                                                                                                          | <b>Explanation:</b> In all the words except 'a', the first two letters are consecutive. Then the other two letters are also consecutive. The third letter is four places ahead of the second letter.  Example: in (b) J is fourth letter ahead of F, and in (c) F is fourth letter ahead of B and so on. |  |  |
|                                                                                                               | Example. III (b) ) is fourth fetter diffed of 1, and iii (e) 1 is fourth fetter diffed of B and so on.                                                                                                                                                                                                   |  |  |
|                                                                                                               | RRB Group-D Previous Papers                                                                                                                                                                                                                                                                              |  |  |
| Question 16                                                                                                   |                                                                                                                                                                                                                                                                                                          |  |  |
| Four of the following words are alike in some way. Find the odd man out.                                      |                                                                                                                                                                                                                                                                                                          |  |  |
| A                                                                                                             | Bright                                                                                                                                                                                                                                                                                                   |  |  |
